

MEET AIAA WESTERN REGION LEADERSHIP

RAC VI/San Diego Section Dinner Meeting

Meet and mingle with our regional leadership. Come meet Regional Director Bruce Wilson, his deputy directors, and representatives from the 16 AIAA Sections in the Western Region, and the AIAA Western Office staff. The deputy directors oversee finance, pre-college outreach, education, public policy, communications, technical activities, career enhancement, and honors and awards. This is a great opportunity to find out more about what is going on in the Institute! We will have a brief question and answer session. Families are encouraged to attend.

Following a brief reception and buffet dinner we will hear special guest Bill Chana.

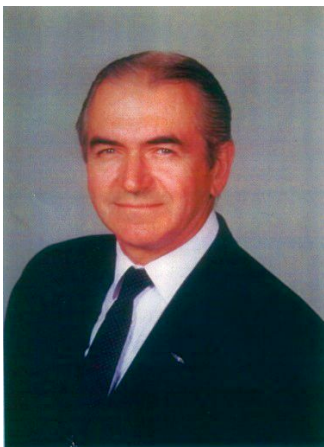

Bill Chana

An AIAA Fellow and San Diego Section Council Member

Presents:

Over the Wing

June 2, 2007 6:00 P.M.

Bill Chana is an AIAA Distinguished Lecturer and author of the book "Over the Wing." He will amaze the audience with his slides of memorable aircraft that he was associated with during his long career as a Flight Test Engineer, Test Pilot, and Aerospace Manager. Bill has had his share of close calls detailed in his book. The book title comes from the plane he built and flew called the "Wee Bee." It was unusual in that the pilot lay prone on the top of the fuselage and flew it while laying "Over the Wing." Bill is one person all aspiring or young engineers need to meet. His stories will keep you fascinated for hours!

Cost: \$15.00 Members (including immediate family)
\$18.00 Non-members
\$5.00 AIAA Student Members

Schedule: **6:00 Social**
 6:30 Buffet
 7:00 Q&A with RAC VI
